Behavioral Health Screening Coding Requirements

The codes to be used to document the receipt of a Behavioral Health (Mental Health and Substance Abuse) Screening are as follows:

Option 1: Evaluation and Management (E&M) Paired with Initial or Periodic Screening Visit Code

</tr>
</tbody>
</table>

**Procedure Codes**

**New Patient:** Office or other outpatient visit for the evaluation and management of a new patient, which requires 3 key components.

- 99201 (Typically 10 minutes face-to-face)
- 99202 (Typically 20 minutes face-to-face)
- 99203 (Typically 30 minutes face-to-face)
- 99204 (Typically 45 minutes face-to-face)

**Established Patient:** Office or other outpatient visit for the evaluation and management of an established patient, which requires at least 2 of 3 key components.

- 99212 (Typically 10 minutes face-to-face)
- 99213 (Typically 15 minutes face-to-face)
- 99214 (Typically 25 minutes face-to-face)

**Use with the Appropriate Screening and Codes**

- H0001  | Alcohol and/or drug assessment
- H0002  | Behavioral health screening to determine eligibility for admission to treatment program
- H0028  | Alcohol and/or drug prevention problem identification and referral service (e.g., student assistance and employee assistance programs), does not include assessment
- H0049  | Alcohol and/or drug screening
  - Diagnosis code **V82.9** (Unspecified condition) is required on claims for procedure code H0049.
- H0050  | Alcohol and/or drug service, brief intervention, per 15 minutes
  - Diagnosis code **V65.42** (Counseling on substance use and abuse) is required on claims for procedure code H0050.
- G0396  | Alcohol and/or substance (other than tobacco) abuse structured assessment (e.g., audit, dast), and brief intervention 15 to 30 minutes
- G0397  | Alcohol and/or substance (other than tobacco) abuse structured assessment (e.g., audit, dast), and intervention, greater than 30 minutes
- 99408  | Preventive medicine, individual counseling, alcohol and/or substance abuse (other than tobacco) structured screening and brief intervention, 15-30 minutes
- 99409  | Preventive medicine, individual counseling, alcohol and/or substance abuse (other than tobacco) structured screening and brief intervention, greater than 30 minutes
- V79.0  | Screening for Depression
- V79.1  | Screening for Alcoholism
- V79.9  | Screening for unspecified mental disorder and developmental handicap
**Option 2: Evaluation and Management (E&M) Codes Paired with Diagnosis Codes**

Office visits with E&M codes may be used, but to be counted as a Behavioral Health Screening one of the following CPT codes must be paired with one of the following diagnostic codes. The pairing of a procedure code with a diagnostic code indicates that a screening was conducted as part of the office visit. Standalone E&M procedure codes do not constitute evidence of a behavioral health screening.

### Procedure Codes

**New Patient:** Office or other outpatient visit for the evaluation and management of a new patient, which requires 3 key components.
- 99201 (Typically 10 minutes face-to-face)
- 99202 (Typically 20 minutes face-to-face)
- 99203 (Typically 30 minutes face-to-face)
- 99204 (Typically 45 minutes face-to-face)

**Established Patient:** Office or other outpatient visit for the evaluation and management of an established patient, which requires at least 2 of 3 key components.
- 99212 (Typically 10 minutes face-to-face)
- 99213 (Typically 15 minutes face-to-face)
- 99214 (Typically 25 minutes face-to-face)

### Use with the Appropriate Diagnostic Codes

**Note:** These codes represent the high-level code grouping. Specific diagnoses must be used for claims (e.g., **DO NOT USE** 296; **USE** 296.30- Major depressive affective disorder, recurrent episode, unspecified)
