

SIMPLY HEALTHCARE PLANS

**HEALTHY KIDS
PROVIDER DIRECTORY**

WELCOME TO SIMPLY HEALTHCARE PLANS!

As a new member of Simply Healthcare Plans you must pick a primary care physician, a personal doctor who treats your medical needs. He will refer you to a specialist when needed. Many of the area's top doctors are part of the Simply Healthcare Plans network. Start by picking one of the Simply Healthcare Plans primary care doctors, so that you can begin to develop that important doctor/patient relationship that provides you with personalized, ongoing care.

Simply Healthcare Plans recommends that you make an appointment with your doctor. This will give him a chance to get to know your health. Remember, you do not want to wait until you are sick to pick a doctor.

All of your health care is provided at your primary care doctor's office or through written referrals from your primary care doctor. In an emergency call 9-1-1 or go onto the nearest Hospital Emergency Room. Sometimes you may have a medical problem that is not really serious and your doctor's office is closed. For those times you can use an Urgent Care service. Check this book or call the Simply Healthcare Plans Member Services Hotline at (305) 408-5823 or 1-800-213-1133 outside Dade County for a list of offices.

More information on self- referrals is provided on the next page.

By following these guidelines, you will assure yourself of receiving the best possible care and also assure that all services provided outside of the primary care doctor will be covered by Simply HealthCare Plans.

If you have any questions, please contact your Simply Healthcare Plans Member Services Department at 305-408-5823 or 1-800-213-1133 outside of Miami-Dade County.

At Simply Healthcare Plans, we want to get to know you, so that we may give the best care.

The doctors in this book are independent doctors and do not work for Simply Healthcare Plans.

Some doctors may not perform services based on religious or moral beliefs.

Your Healthy Kids Member Handbook must be looked at to find out exact terms, coverage, limitations and exclusions.

Note: The doctors and hospitals in this book are updated as of the day the book is printed. Sometimes new doctors are added to our plan or others may leave our plan. We advise that you call us or visit our website at www.simplyhealthcareplans.com to make sure that the doctor is in the Plan.

REFERRALS

Your child's Primary Care Doctor is the doctor you will see first for your child's medical care. Should your child's Primary Care Doctor decide a Specialist is needed to treat a medical condition, he/she will direct you to an appropriate specialist contracted with Simply Healthcare Plans. As the coordinator of your child's medical care, your child's Primary Care Doctor will work with the specialist to determine an appropriate treatment plan.

SELF-REFERRALS

Self-referrals provide direct access to certain specialists without a referral from your child's Primary Care Doctor. A list of participating self-referral Chiropractors, Dermatologists, and Podiatrists are included in this Simply Healthcare Plans Provider Directory. Gynecology physician names are available from either your Primary Care Doctor of Simply Healthcare Plans. The following visits are self-referrals and do not require a referral from your Primary Care Doctor: There are some specialty services that do not need a referral from your primary care doctor.

- **Chiropractic Care**

You may select any Chiropractor from the Chiropractic Providers Section of this Directory, for up to 20 visits within a 12-month period, without a referral from your child's Primary Care Doctor.

- **Dermatology Care**

You may select any Dermatologist from the Dermatologist Section of this Directory for up to 5 visits for dermatological care with a 12-month period, without a referral from your child's Primary Care Doctor.

- **Podiatry**

You may select any Podiatrist from the Podiatrist Section of this Directory for a podiatric evaluation without an initial referral from your child's Primary Care Doctor. However, if your child requires on-going podiatric treatment, surgery, or diagnostic tests, you **must** have prior authorization by either your child's Primary Care Doctor or Simply Healthcare Plans.

- **Gynecology**

You may select a GYN physician within the Plan's Network for the annual well-woman exam, without a referral from your child's Primary Care Doctor. Consult with your child's Primary Care Doctor for the GYN physicians in Plan's Network

Continued GYN care **does require** a referral from your Primary Care Doctor.
